The grasses in this list are in stock in reasonable numbers

RHS Hardiness Code H6 = - 20 to -15C, H4 = -10 to - 5C, H3 = - 5 to +1C

Please note -

£4 grasses are supplied in 1.5 litre square pots & £5 grasses in 2 litre pots.

£6 & £7.50 grasses are sold in 3 litre pots, £10 grasses are in 5 litre containers

Agrostis montevidensis

AGR01

£ 2.50

Perennial grass from Argentina, but treat as an annual. Fine silky gossamer flowers form purple pink clouds through the summer. Keep moist. Cut back to stimulate the flowering. Good in a pot.

Height 30cm Spread 10cm

Full Sun/Partial Shade Well drained moist soil Hardiness H4 [RHS]

Andropogon gerardii

AND01

£ 4.00

Perennial grass. Tight clumps of strongly upright, silvery-blue stems with arching bluish leaves, usually tipped and stained with purple. Avoid cold wet soil.

Height 1.4m Spread

Full Sun Well drained soil Hardiness H6 [RHS]

Anemanthele lessoniana AGM

ANE01

£ 4.00

Perennial grass. In full sun orange-brown arching leaves. In partial and full shade leaves are green. Pendent purplish green spikelets from late summer to late winter.

Height 1m Spread 1m

Full Sun Well drained soil Hardiness H5 [RHS]

Arthropodium candidum 'Purpureum'

ART01

£ 4.00

Perennial. Clump forming bronzey-purple spotted brown leaves. Greyish-green below. Tiny white flowers on 25cm stems in summer. Slightly tender. Good in pots.

Height 12cm Spread

Full Sun/Partial Shade Well drained soil Hardiness H3 [RHS]

Briza maxima **BRI04** **£ 2.50**

Annual grass. Slender more or less upright leaves. Trembling fat spikelets about 25mm long. Pale green, silvery, purplish stems. Dries well. Flowers May to July. Good in pots.

Height 60cm Spread 30cm
Full Sun Well drained soil Hardiness H5 [RHS]

Briza media **BRI02** **£ 4.00**

Perennial grass with blue-green leaves. Flowerheads are a mass of tiny nodding lockets, purple tinted at first later becoming straw coloured. Flowers from April to July.

Height 60cm, Spread 30cm
Full Sun/Partial Shade Well drained soil Hardiness H6 [RHS]

Briza media 'Limouzi' **BRI04** **£ 4.00**

Perennial. Much improved selection of 'Quaking Grass' with blue-green leaves and larger nodding purplish flowers. Flowers from April to July.

Height 45cm Spread 30cm
Full Sun/Partial Shade Well drained soil Hardiness H6 [RHS]

Briza media 'Russels' **BRI03** **£ 4.00**

Perennial grass with variegated blue-green leaves. Flowerheads are a mass of tiny nodding lockets, purple tinted at first later becoming straw coloured.

Height 60cm, Spread 30cm
Full Sun/Partial Shade Well drained soil Hardiness H6 [RHS]

Briza triloba **BRI01** **£ 4.00**

Perennial grasses. Silky fountains of silvery-green, pearl-like flowers from early summer. Chilean Quaking Grass

Height 30cm Spread
Full Sun Well drained soil Hardiness H6 [RHS]

Calamagrostis brachytricha AGM **CAL04** **£ 6.00**

Perennial grass Narrow clumps, glowing orange and yellow by autumn. Beautiful pink flushed green feathery flowers in August to September turn purple-green.

Height 1.2m Spread 90cm
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Calamagrostis x acutiflora 'Avalanche' (v) **CAL08** **£ 6.00**
Perennial grass. Green leaves are striped down the middle with white. Soft feathery greenish-mauve plumes appear in early to midsummer.

Height 1.2m Spread 1m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Calamagrostis x acutiflora 'Karl Foerster' **CAL07** **£ 6.00**
Perennial grass. Upright pink-bronze panicles gradually transform into narrow ears. Vertical accent - useful screen. Flowers from July to August.

Height 1.5m Spread 1m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Calamagrostis x acutiflora 'Overdam' (v) **CAL02** **£ 6.00**
Perennial grass. Clump forming with arching green leaves with pale yellow margins and stripes. Feathery greenish-mauve plumes appear in early summer.

Height 1.2m Spread 1m
Full Sun/Partial Shade Moist soil Hardiness H6 [RHS]

Carex 'Ice Dance' **CAR40** **£ 4.00**
Evergreen, perennial sedge. Bold cream and green variegated leaves. Makes a useful ground cover.

Height 35cm Spread 60cm
Full Sun/Partial Shade Moist soil soil Hardiness H5 [RHS]

Carex 'Prairie Fire' **CAR42** **£ 4.00**
Evergreen sedge. Green leaves with orange top. Colour intensifies in summer. Produces semi-erect tussocks. Brown flower spikes from July to September.

Height 60cm Spread 45cm
Full Sun/Partial Shade Moist soil Hardiness H6 [RHS]

Carex 'Silver Septre' (v) **CAR14** **£ 4.00**
Perennial sedge. Generally similar to morrowii 'Variegata', but its leaves tend to twist. Its flowers are pale and wispy.

Height 45cm Spread 1m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex buchananii 'Green Twist' **CAR41** **£ 4.00**

Perennial evergreen sedge. Olive green leaves with erect and curled ends. Great item for autumn containers. Flowers from May to October.

Height 60cm Spread 60cm

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex buchananii 'Red Rooster' **CAR34** **£ 4.00**

Perennial evergreen sedge. Red-bronze leaves with erect and curled ends. Great item for autumn containers. Flowers from May to October.

Height 60cm Spread 60cm

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex comans 'Frosted Curls' **CAR05** **£ 4.00**

Evergreen sedge. Densely tufted with arching narrow, pale silvery green leaves curling at the tips. Inconspicuous green flower spikes. Flowers from May to August.

Height 45cm Spread 1m

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex comans bronze leaved **CAR20** **£ 4.00**

Perennial. Dense, evergreen clumps of narrow hair-like, brownish leaves. Inconspicuous brown flower spikes.

Height 30cm Spread 75cm

Full Sun/Partial Shade Moist soil Hardiness H6 [RHS]

Carex conica 'Snowline' **CAR09** **£ 4.00**

Perennial sedge. Dense clumps of narrow arching, dark green leaves, margined white. Small creamy white flowers stand just above the leaf mound. Flowers from May to June.

Height 15cm Spread 25cm

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex dipsacea **CAR60** **£ 4.00**

Perennial evergreen sedge. Graceful clumps of beautiful rich olive green leaves and jet-black flower spikes. Flowers from July to October.

Height 45cm Spread 45cm

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex elata 'Aurea' (v) AGM **CAR06** **£ 4.00**
Evergreen sedge. Elegant clumps of richly golden yellow leaves with green margins. Jet-black flower spikes from April to June.

Height 40cm Spread 15cm
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex flagellifera **CAR02** **£ 4.00**
Evergreen sedge. Dense clumps of arching pinkish brown leaves with orange tints. Small light brown flower spikes from May to September.

Height 45cm Spread 1m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex flagellifera 'Kiwi' (Phoenix Green) **CAR63** **£ 4.00**
Evergreen sedge. Widely arching clumps, olive-green foliage. Small light brown flower spikes from May to September.

Height 40cm Spread 1m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex ornithopoda 'Variegata' (v) **CAR10** **£ 4.00**
Evergreen sedge. Leaves arranged in three distinct ranks at the top of the stems. Orange tints in autumn. Golden brown flower spikes from May to June.

Height 15cm Spread 30cm
Full Sun/Partial Shade Moist soil soil Hardiness H6 [RHS]

Carex oshimensis 'Evergold' (v) AGM **CAR06** **£ 4.00**
Evergreen sedge. Fine leaved attractive clump. Leaves are deep green with a creamy yellow stripe that brightens in full sun. Brown flowering spikes from April to June.

Height 30cm Spread 15cm
Full Sun/Partial Shade Moist soil soil Hardiness H6 [RHS]

Carex oshimensis 'Everillo' **CAR65** **£ 4.00**
Evergreen sedge. Great seasonal colour with delicate yellow-green foliage. Flowers June to August

Height 40cm Spread 40cm
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Carex oshimensis 'Fiwhite' (v) **CAR64** **£ 4.00**

Evergreen sedge. Fine leaves are deep green with white stripes. Useful in pots especially in a dark corner. Brown flowering spikes from April to June.

Height 30cm Spread 15cm
Full Sun/Partial Shade Moist soil Hardiness H6 [RHS]

Carex pseudocyperus **CAR29** **£ 4.00**

Evergreen perennial sedge. Upright solid clumps of broad, bright yellow-green leaves. Yellow-green finger-like flowers droop elegantly from fine stems July to Sept.

Height 60cm Spread 30cm
Full Sun/Partial Shade Moist soil soil Hardiness H6 [RHS]

Carex siderosticha 'Variegata' (v) **CAR12** **£ 4.00**

Deciduous sedge. Broad white and green leaves with a pink tinge in spring. Spreads slowly. Dies down in winter. Flower spikes from April to June.

Height 30cm Spread 60cm
Shaded Site Moist soil soil Hardiness H6 [RHS]

Carex testacea **CAR61** **£ 4.00**

Evergreen sedge. Elegant arching, fine leaves, olive-green at the end, bright green at the base, turning almost orange in sun. Brown flower spikes from July to September.

Height 45cm Spread 45cm
Full Sun/Partial Shade Moist soil Hardiness H6 [RHS]

Cyperus 'Chira' **CYP04** **£ 4.00**

Deciduous sedge. Spreading stems sport numerous large spurred and spiked seed heads. Thrives in the dry. Good in a pot where it will seed freely, but most of the seeds drop into the pot.

Height 35cm Spread
Full Sun Well drained soil Hardiness H5 [RHS]

Deschampsia cespitosa 'Bronzeschleier' **DES07** **£ 4.00**

Evergreen, perennial grass. Dense tufted with narrow, rough dark green leaves. Arching panicles of glistening, gold-brown spikelets from May to August.

Height 1.2m Spread 1.2m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Deschampsia cespitosa 'Goldschleier' **DES01** **£ 4.00**

Evergreen grass. Dense and tufted with elegant arching panicles of glistening, silver-tinted purple spikelets from May to August. Spikelets turn gold in autumn.

Height 1.2m Spread 1m

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Deschampsia cespitosa 'Goldtau' **DES06** **£ 4.00**

Evergreen dense tufted grass. Arching panicles of glistening, silvery reddish brown spikelets from May to August.

Height 80cm Spread 75cm

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Deschampsia cespitosa 'Pixie Fountain' **DES08** **£ 4.00**

Evergreen, perennial grass. Dense tufted with silver-green, arching flower spikelets, which turn golden brown in August.

Height 60cm Spread

Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Deschampsia flexuosa **DES02** **£ 4.00**

Evergreen perennial grass. Low tufts of dark, thread-like fine leaves, over topped by airy panicles of shimmering silvery-brown spikelets from May to Aug.

Height 70cm Spread

Full Sun Well drained soil Hardiness H6 [RHS]

Elymus magellanicus **ELY02** **£ 4.00**

Perennial grass. Densely tufted with narrow, blue leaves. Flower spikes borne from May to August. Very good in pots.

Height 30cm, Spread 45cm

Full Sun Well drained soil Hardiness H6 [RHS]

Eragrostis curvula **ERA02** **£ 4.00**

Perennial grass. Tussocks of narrow light green airy foliage. Curved stems of small flowers.

Height 90cm Spread

Full Sun Moist well drained soil Hardiness H6 [RHS]

Eragrostis curvula 'Totnes Burgundy'**ERA01****£ 4.00**

Perennial grass. Elegant and graceful. Mature leaves turn a deep burgundy red. Arching sprays of buff coloured flowers in summer.

Height 70cm Spread

Full Sun Moist well drained soil Hardiness H6 [RHS]

Eragrostis trichodes**ERA03****£ 4.00**

Perennial deciduous grass. In early autumn long arching flower stems emerge from the foliage. Then airy amethyst-pinkish flowers form a misty cloud. Suitable for a pot or in the ground.

Height 90cm Spread 20cm

Full Sun Well drained soil Hardiness H6 [RHS]

Festuca glauca 'Elijah Blue'**FES06****£ 4.00**

Perennial, evergreen grass with narrow inrolled silvery blue, arching leaves greener in winter. Silvery blue flowers from May to June. Flowers fade to brown as they seed.

Height 30cm Spread 45cm

Full Sun Well drained soil soil Hardiness H6 [RHS]

Festuca glauca minima**FES01****£ 4.00**

Perennial grass. Short tufted blue,green foliage. Attractive flowers that persist.

Height 15cm Spread

Full Sun Well drained soil Hardiness H6 [RHS]

Festuca mairei**FES17****£ 4.00**

Evergreen perennial grass. Forms mountain-like mounds with rich khaki-green foliage. Tiny flowers are inconspicuous. Good for ground cover in landscaping.

Height 60cm, Spread

Full Sun & Part Shade Moist well drained soil Hardiness H6 [RHS]

Hakonechloa macra 'Aureola'**HAK01****£ 5.00**

Beautiful perennial grass forming low mounds of densely overlapping leaves of rich yellow with thin stripes of green on wiry red stems. Stunning in a blue pot, but happy in the edge of a border. Green flowers in autumn.

Height 25cm Spread 80cm

Partial Shade Moist well drained soil Hardiness H6 [RHS]

Helictotrichon sempervirens AGM **HEL36** **£ 4.00**

Perennial, evergreen grass with grey-blue leaves radiating outwards to form a neat clump. Oat-like flowers, which turn straw-coloured. Flowers from May to July.

Height 1m Spread 1m
Full Sun Well drained soil Hardiness H6 [RHS]

Imperata cylindrica 'Rubra' **IMP01** **£ 4.00**

Perennial grass. Attractive with narrow yellow-green leaves tipped with red in spring. A warm position will ensure the best colour. Requires good drainage for winter protection.

Height 45cm Spread 30cm
Full Sun Moist well drained soil Hardiness H5 [RHS]

Juncus 'Swarm of Hedgehogs' **JUN04** **£ 4.00**

Evergreen perennial. Attractive, novel rush. From a distance it looks as though thousands of tiny flying hedgehogs are buzzing above the smooth round stems.

Height 45cm, Spread
Full Sun/Partial Shade Wet soil Hardiness H6 [RHS]

Juncus inflexus 'Afro' **JUN06** **£ 4.00**

Evergreen rush. Useful for growing pond side or in shallow water. Crowds of tightly spiralled, glossy stems thrown up from the centre.

Height 30cm Spread
Full Sun/Partial Shade Wet soil Hardiness H6 [RHS]

Juncus patens 'Carmans Gray' **JUN03** **£ 4.00**

Evergreen rush. Distinctive steely blue-grey upright columns of foliage. Makes a feature in moist boggy soil. Good pond side plant.

Height 60cm Spread 60cm
Full Sun Wet soil Hardiness H5 [RHS]

Koeleria glauca **KOE03** **£ 4.00**

Perennial evergreen grass. Densely tufted with narrow, glaucous, grey-green leaves and silver-grey spikelets from June to July.

Height 25cm Spread 45cm
Full Sun/Partial Shade Well drained soil Hardiness H6 [RHS]

Luzula luzuloides 'Schneehaschen' **LUZ01** **£ 4.00**

Perennial evergreen rush. Open clump of light green leaves. Cream flower heads with long hairs ageing to pale cinnamon brown from May to June.

Height 60cm Spread 45cm
Full Sun Moist well drained soil Hardiness H6 [RHS]

Luzula nivea **LUZ04** **£ 4.00**

Perennial, evergreen rush. Narrow deep green leaves and tight clusters of shiny pure white flowers from June to July. Good for ground cover in shady areas.

Height 60cm Spread 45cm
Good in shade Moist well drained soil Hardiness H6 [RHS]

Luzula sylvatica 'Aurea' **LUZ05** **£ 4.00**

Perennial, evergreen rush. Densely tufted with bright, shiny yellow leaves in winter, yellow-green in summer and clusters of open chestnut-brown flowers from April to June.

Height 60cm Spread 45cm
Good in shade Moist well drained soil Hardiness H6 [RHS]

Melica nutans **MEL05** **£ 4.00**

Perennial grass. Soft deep green leaves and graceful drooping stems with brown spikelets in May. Bright yellow in autumn.

Height 45cm Spread
Good in shade Well drained soil soil Hardiness H6 [RHS]

Melica uniflora f.albida **MEL 10** **£ 4.00**

Perennial grass. Delicate white flowers. Suitable for dry shade. Sets off other plants in its vicinity.

Height 30cm Spread
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Milium effusum 'Aureum' **MIL01** **£ 4.00**

Perennial semi-evergreen grass. Slowly spreading bright golden yellow grass. Delicate rich golden yellow spikelets from May to July. Grows well in shady spots.

Height 30cm Spread 30cm
Partial Shade Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Adagio' **MIS54** **£ 7.50**

Perennial grass. Fine silvery-green foliage with a profusion of narrow erect red tinted flower clusters held well above. Good where space is limited. Flowers Aug to Oct.

Height 1m, Spread 80cm
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Barney Campbell' **MIS30** **£ 7.50**

NEW Perennial grass. Appeared in the garden at Westshores Nurseries in 2009. Fairly broad leaf. Robust plant. Plumes reminiscent of Grosse Fontane.

Height 1.6m Spread
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Blutenwonder' **MIS29** **£ 7.50**

Perennial grass. Clump of grey-green foliage. Notable for producing white plumes at staggered heights creating quite a different effect from other miscanthus.

Height 1.5m Spread 80cm
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'China' **MIS11** **£ 7.50**

Perennial grass. Narrow, small, olive green leaves with long-stemmed arching red plumes of flowers in late summer and autumn.

Height 1.4m Spread 1.2m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Ferner Osten' **MIS24** **£ 7.50**

Perennial grass. Usually the first with ruby-red plumes to flower [often in the second week in July]. Delicate in its build. Plumes age to silver.

Height 1.2m Spread 1m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Flamingo' **MIS23** **£ 7.50**

Perennial grass. One of the best Miscanthus. Wine -red plumes, whose fingers of flowers arch upwards and then droop gracefully.

Height 1.5m Spread 1.2m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Gracillimus' **MIS15** **£ 7.50**

Perennial grass. Gives outstanding texture with its narrow, curling grey-green leaves and flowers in silver spikelets. A favorite with garden designers. Flowers from October to November.

Height 1.6m Spread 1.5m

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Grosse Fontäne' **MIS14** **£ 7.50**

Perennial grass. Elegant wide green leaves with a stripe and large plumes of silver red flowers. Flowers from August to September.

Height 1.6m Spread

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Hinjo' (v) **MIS28** **£ 7.50**

Perennial grass. Smaller form of 'Zebrinus'. Cream-yellow cross banded foliage from the outset of growth in full sun. Pink-silver flowers from August to November.

Height 1m Spread 75cm

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Kleine Fontäne' **MIS20** **£ 7.50**

Perennial grass. Elegant narrow green leaves with a stripe and large plumes of silver-red flowers from August to September.

Height 1.2m Spread

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Kleine Silberspinne' **MIS42** **£ 7.50**

Elegant perennial grass with narrow spidery, horizontally held, green leaves with a silver midrib and large plumes of red-brown flowers in September to October.

Height 90cm Spread 1m

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Krater' **MIS62** **£ 7.50**

Perennial grass. Shorter form with narrow leaves suitable for drier soils. Reddish plumes in Sept to Oct. Foliage often turns purplish red in autumn.

Height 1.2m Spread 1m

Full Sun & Part Shade Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Malepartus'**MIS28****£ 7.50**

Perennial grass. Justly the most famous of the new hybrids. Broad leaves with a white mid-rib and showy plumes vinous purple at first turning silver then buff.

Height 1.8m Spread 1.2m

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Morning Light' (AGM)**MIS05****£ 7.50**

Elegant perennial grass with narrow green leaves margined creamy white. Rarely produces flowers from September, but will if the season is warm.

Height 1.2m Spread 1.2m

Full Sun Well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Nippon'**MIS31****£ 7.50**

Perennial grass. Useful dwarf form. Graceful with wiry erect stems and thin feathery reddish brown flowers at various heights.

Height 90cm Spread 75cm

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Rotsilber'**MIS12****£ 7.50**

Perennial grass. Notable for the silvery stripe down the centre of the leaves. Flowers are fingers of deep red at first, but then turn white and fluffy. Flowers in late summer.

Height 1.5m Spread 1.2m

Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Russia'**MIS09****£ 7.50**

Perennial grass. Leaves with single thin grey midrib, which produce wonderful autumn colours. Dark purple/brown, upright panicles in late September.

Height 1.2m Spread 30cm

Full Sun Moist well drained soil Hardiness H7 RHS

Miscanthus sinensis 'Silberpfeil' (v)**MIS07****£ 7.50**

Perennial grass. Sometimes sold in Europe as 'Variegatus'. Elegant grass with arching narrow green leaves striped white and plumes of silver flowers. NOT TO BE CONFUSED with 'Gardeners Garters'.

Height 1.5m Spread 1m

Full Sun Well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Undine' [AGM] **MIS03** **£ 7.50**

Perennial grass. Elegant narrow bright green leaves and upright plumes of coppery-pink flowers. Flowers from August to February.

Height 1.2m Spread 1m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis 'Zebrinus' **MIS02** **£ 7.50**

Perennial grass. Green leaves with bands of yellow. Must be in a sunny spot for the the stripes to appear. Leaves become copper coloured in autumn. Flowers from September to October.

Height 1.6m Spread 1.2m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis var. cond. 'Cabaret' (v) **MIS53** **£ 10.00**

Perennial grass. Striking because the variegation is central rather than marginal. Wide leaves take on autumn colours late. Flowers September to October.

Height 2m Spread 1.2m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis var. cond. 'Cosmo Revert' **MIS33** **£ 10.00**

Perennial grass. Sometimes known as 'Emerald Giant'. Green leaved reversion of 'Cosmopolitan'. Remarkably wide leaves with white midribs. Flowers Sept to Oct.

Height 2m Spread 1.2m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus sinensis var. cond. 'Cosmopolitan' (v) **MIS06** **£ 10.00**

Striking large grass. Remarkably wide leaves, which are margined and striped slightly creamy-white. Flowers September to October.

Height 2m Spread 1.2m
Full Sun Moist well drained soil Hardiness Zone 7

Miscanthus transmorrisonensis **MIS21** **£ 7.50**

Perennial grass. Semi- evergreen in mild winters. Showy reddish plumes carried high above the foliage. Flowers from August onwards.

Height 1.6m Spread 1.2m
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus x giganteus **MIS01** **£ 8.00**

Perennial grass. Very tall, but not a rapid sideways spreader. Much used as a screen. Bamboo-like stems. Will flower this far north if there is a warm spell in late August.

Height 2.2m Spread 60cm
Full Sun Moist well drained soil Hardiness H6 [RHS]

Miscanthus x giganteus 'Gilt Edge' (v) **MIS26** **£ 10.00**

Gold variegated form of Miscanthus x giganteus. Leaves broad, mostly margined old gold, but a few are centrally striped. In time forms large bold clumps.

Height 2m Spread
Full Sun Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. arund. 'Staefa' **MOL12** **£ 7.50**

Perennial deciduous grass. New from America. Abundant light and airy inflorescences. Flowers from June to November.

Height 1.5m Spread 1.2m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. arund. 'Welcome Stranger' **MOL18** **£ 6.50**

Perennial deciduous grass. Magnificent panicles of golden flowers on strong stiff stems, above shiny leaves. Flowers from May to November.

Height 1.8m Spread 1.2m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. arund. cvs **MOL14** **£ 6.50**

Perennial deciduous grass. Magnificent panicles of golden flowers on strong stiff stems, above shiny leaves. Flowers from May to November.

Height 1.8m Spread 1.2m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. arund. 'Windspiel' **MOL03** **£ 7.50**

Perennial deciduous grass. Magnificent panicles of golden flowers on strong stiff stems, above shiny leaves. Flowers from May to November.

Height 1.8m Spread 1.2m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. caerulea 'Heidebraut' **MOL08** **£ 4.00**
Deciduous perennial grass. Upright divergent habit and is the tallest of the purple moor grasses. Flowers in early summer.

Height 1.2m Spread 1.2m
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. caerulea 'Moorhexe' **MOL04** **£ 4.00**
Clumps of grey-green upright leaves and narrow densely packed stems have purplish-green flower spikes. Flowers in August.

Height 1.2m Spread
Full Sun/Partial Shade Moist well drained soil Hardiness Zone 5

Molinia caerulea ssp. caerulea 'Strahlenquelle' **MOL16** **£ 4.00**
[Source of Rays] Deciduous perennial grass. Green leaved and widely arching. Flowers in July and August. Good in pots.

Height 60cm, Spread
Full Sun/Partial Shade Moist well drained soil Hardiness H6 [RHS]

Molinia caerulea ssp. caerulea 'Variegata' **MOL01** **£ 4.00**
Densely tufted grass with narrow cream striped, green leaves and purple-tinted flower spikes.

Height 1m Spread 60cm
Partial Shade Moist well drained soil Hardiness H6 [RHS]

Ophiopogon planiscapus **OPH03** **£ 4.00**
Clump-forming perennial with narrow, curving, dark green leaves. Clusters of pale purplish white flowers followed by dark blue-black fruit.

Height 15cm Spread 30cm
Full Sun/Partial Shade Moist well drained soil Hardiness H5 [RHS]

Ophiopogon planiscapus 'Nigrescens' **OPH01** **£ 4.00**
Clump-forming perennial with narrow, curving, almost black leaves. Clusters of pale purplish white flowers followed by dark blue-black fruit. Prefers slightly acid soil.

Height 20cm Spread 30cm
Full Sun/Partial Shade Moist well drained soil Hardiness H5 [RHS]

Oryzopsis miliacea **ORY01** **£ 4.00**

A strong grower, but clump forming. Produces beautiful arching seedheads. The light, airy panicles look good well into winter. Very tactile.

Height 1m Spread 60cm
Full Sun Dry soil Hardiness H5 [RHS]

Panicum elegans 'Frosted Explosion' **PAN09** **£ 3.00**

Patio grass. Airy flower plumes burst from the centre of the plant. The green seedheads open to form a cone with red tips. Popular with flower arrangers.
